WORK EXPERIENCE

Instituto Agustiniano

History Teacher

March 2013 - Present

Teaching History to students from 12 to 17 years old (Ancient, Medieval, Modern and Contemporary History).

Instituto Agustiniano

Administrative Assistant

September 2013 - Present

The range of tasks on this job is wide. Everyday routine includes customer service, human resources kind of work, administrative tasks, balances.

QUALIFICATIONS

I'm a very curious and active person, focused on solving everyday problems with a combination of analytical and practical thinking. There's nothing more pleasant than getting things done.

I'm convinced that a good team and teamwork make the difference - so I try to be as easy-going as I'm able to with my colleagues.

I'm currently learning and working with Python and JavaScript. Among Python libraries and frameworks, I have a good understanding and experience with Django, NumPy and Pandas. In JavaScript I prefer Vanilla, and also know how to use D3. Just began learning Mongo, NodeJS and Express.

Communication is not a problem: I speak Spanish, English and Italian, and also have a basic understanding of German.

EDUCATION

History Teacher

Instituto Santo Tomás de Aquino

March 2010 - March 2014

Responsive Web Design

FreeCodeCamp

March 2021 - May 2021

https://www.freecodecamp.org/certification/sergio_bianco/responsive-web-design

September 2021 - October 2021

INTERESTS

I wish to expand my knowledge, face new challenges, meet interesting people and, if possible, travel around the world! I believe the IT world is the most challenging and interesting to work in, so I look forward to getting into it.
